- Advised students interested in studying abroad both in the office and at other events.

LEADERSHIP & SERVICE

Computational Text Analysis Workgroup
2019–Present

Workgroup Leader, University of Kansas

This spring, I have established a workgroup for all those interested in learning the basics of Python as they pertain to computational text analysis, specifically of Latin and Ancient Greek. The group meets every other week and seeks to provide an introduction to the most basic concepts of Natural Language Processing as well as current digital work begin done in Classics.

Graduate Student Issues Committee
2018–Present

Committee Member, Classical Association of the Middle West & South (CAMWS)

As a new member of the Graduate Student Issues Committee at CAMWS, I hope to assist in developing crucial academic programming alongside providing professional development opportunities and advocating on the behalf of graduate and undergraduate student members.

Social Media Committee
The Department of Classics, University of Kansas

I created and maintain the Facebook page for our department. Additionally, I am in charge of creating and deploying all content on Facebook, Twitter, and the department's website. I am currently in the process of gathering information from all of our alumni and creating a LinkedIn group for new graduates.

INTERESTS

Home Baking

I bake at home regularly and am eager to both learn new recipes and perfect old ones. I am particularly interested in the Scandinavian and German baking traditions. I run a blog entitled "folksmak."

Gardening

I actively maintain a home herb garden—honestly, I just really love plants.

Sailing & Boating

This summer, I participated in a summer seminar where I learned how to sail and became a certified first mate.
